Quayle Action

1. This application is in condition for allowance except for the following formal matters:

Figures 1A, 1B, and 1C should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). Corrected drawing sheets are required in reply to the Office action to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

Reasons for Allowance

2. Regarding claims 5, 16, 24, 36, applicant's admitted prior art (fig. 1A) teaches a system wherein a node processes data conforming to various speed grades (fig. 1A box 101a).

Stacey (US 6,654,376) teaches each priority class gets equal access to the scheduler in direct proportion to its mean data rate.

However, none of the prior art of record teaches or fairly suggests each of the scheduling cycles is divided into equal amounts of data, wherein each of the speed grades has a respective bandwidth allocation associated with a respective length of time, wherein the length of time is one of the scheduling cycles for the bandwidth allocation for the highest speed grade, wherein the length of time is more than one of the scheduling cycles for each bandwidth allocation for the lower speed grades.

Regarding claim 45, although Stacey teaches servicing from data of different bit rates, none of the prior art of record teaches or fairly suggests the specific steps as outlined by the applicant.

Conclusion

3. Any comments considered necessary by the applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments of Statement of Reasons for Allowance."
